Design & Development • Engineering • Quality Services • Supply Chain Management • Logistics

Engineering Oriented Services

DESIGN AND DEVELOPMENT & ANALYTICAL TESTING LAB Global Resources

- Philippines, China, Bulgaria with Project Managers in France and Germany
- Activities
 - Custom Design Manufacturing
 - Co-development / Hardware, Software & Mechanical Design Services
 - Product Reliability, Failure Analysis, and Calibration Services
 - EMC Pre-certification Testing
- Focus competency areas
 - Automotive Cameras
 - Motor Drivers
 - Power Modules
 - LED Lighting Systems
 - Human-Machine Interfaces
 - Embedded Systems

ADVANCED MANUFACTURING & VALUE ENGINEERING Southern CA

- USA, Philippines, China
- Activities
 - Manufacturing Feasibility Study
 - Design for Manufacturability
 - Design and Development of Non-Standard Manufacturing Processes
- Expertise in **Small Precision Assemblies**
 - Direct Chip Attach (COB, Flip Chip)
 - Substrates & Interconnects
 - Multi-Chip Modules
 - Advanced Power Packages
- Process patents

TEST AND SYSTEMS DEVELOPMENT & AUTOMATION

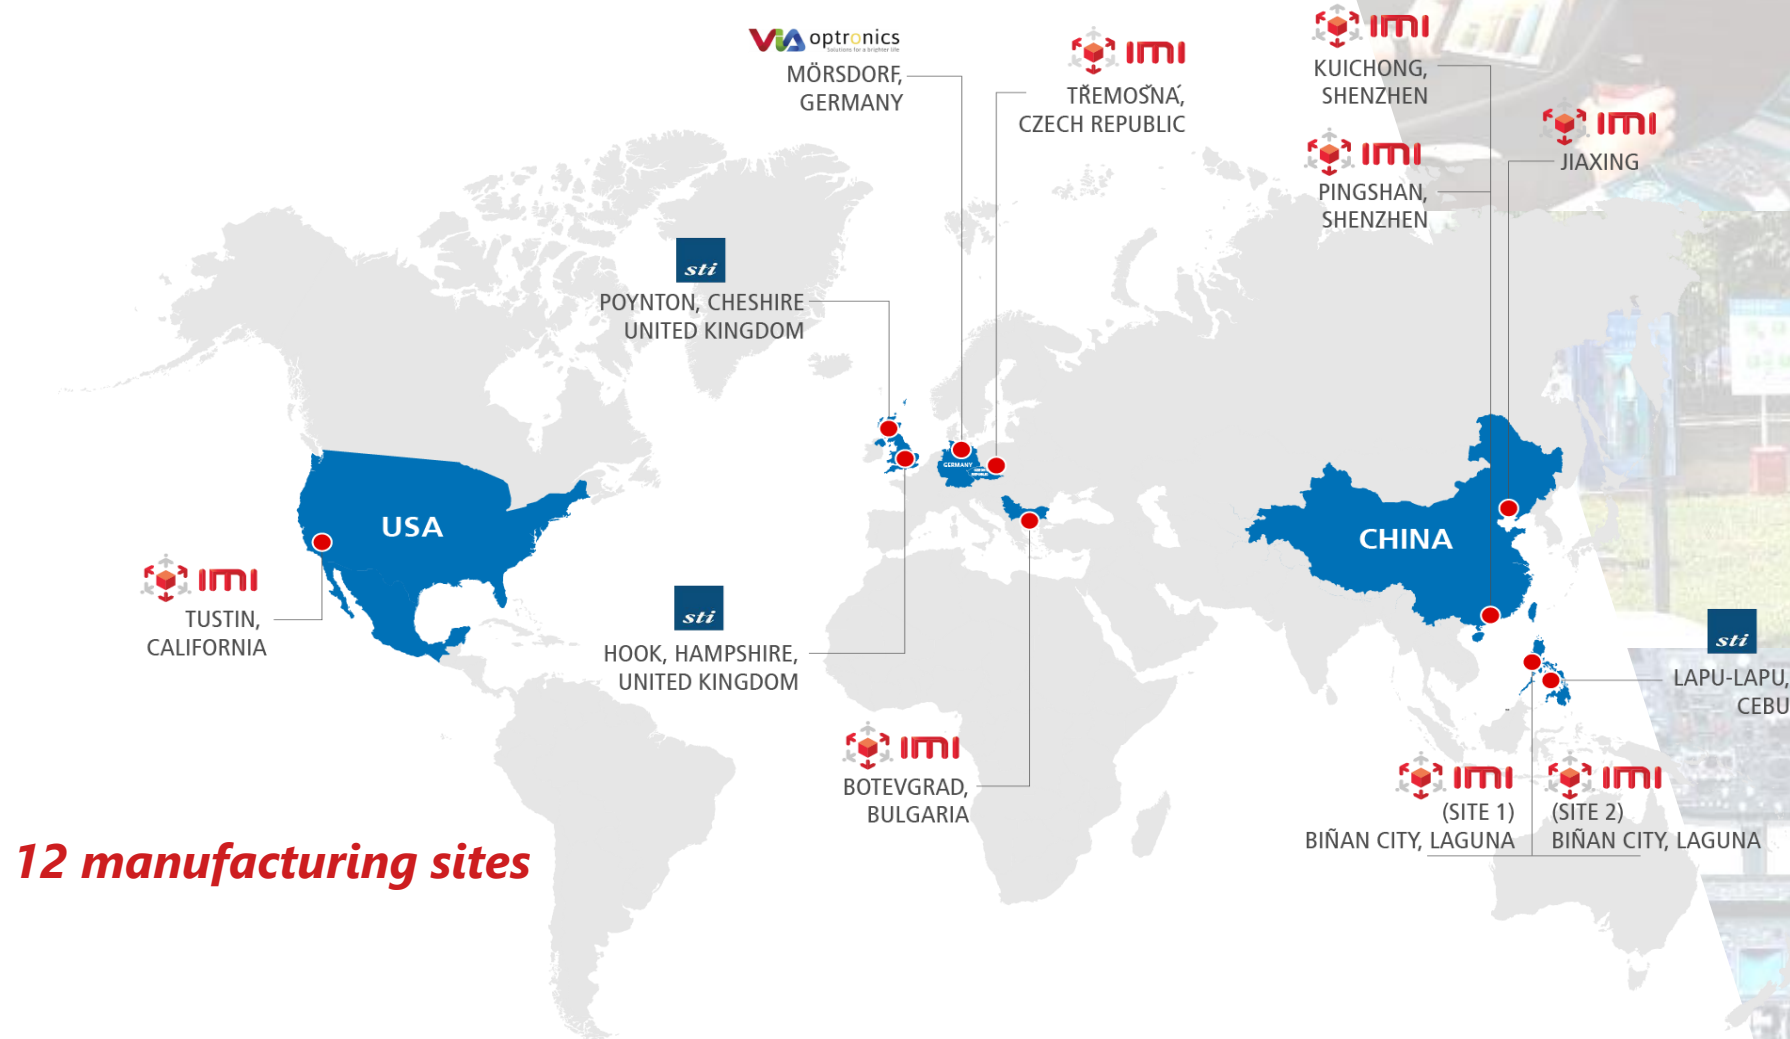

- Philippines, China, Bulgaria, Czech Republic, Mexico
- Activities
 - Custom Automated Test Development (e.g. Functional Tester, AOI and Handlers)
 - Complex Equipment Integration and Assembly
 - Factory Automation
- Value-Add Services
 - Development of test specifications
 - Design for testability
 - Support and maintenance

GLOBAL MANUFACTURING FOOTPRINT

**Total manufacturing space of +409,317m²
in 21 factories across 10 countries**

GLOBAL ENGINEERING SUPPORT

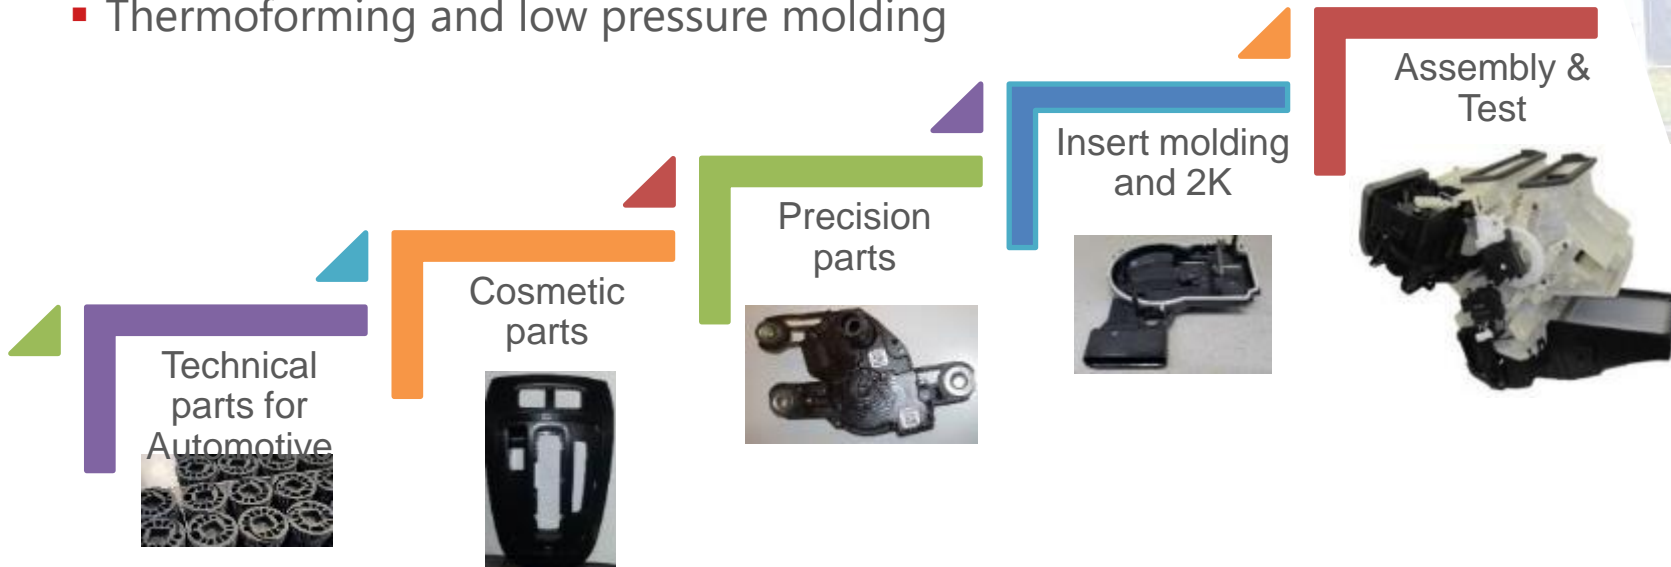

12 manufacturing sites

PLASTIC INJECTION CAPABILITY

- 3 plants in Bulgaria, China and Mexico
- Injection machines from 50 to 1600T
- Service automotive, industrial and consumer
- Main focus on box-built with PCBA
- In house equipped tool shop in Bulgaria and Mexico
- Thermoforming and low pressure molding

COLLABORATIVE COORDINATED EFFORT

“Our values and culture will drive us the success. At IMI, we strive to live what we call Collaborative Coordinated Effort, or CCE – continuously aiming to elevate the ethical foundation of the company.

We try to live this among the many functions within the organization and in all IMI sites, creating a value system of excellence, passion, and respect.”

- GILLES BERNARD
President and COO

IMI, Your Global Manufacturing Solutions Partner

- Tradition and financial stability
- Global presence
- Sustainable – Yesterday, Today and Tomorrow
- Innovative technology/engineering orientation
- Quality reputation
- Culture of operational excellence

IMI IS **FUTURE**-READY.
